**RECTOR OF THE UNIVERSITY
OF WARSAW PROFESSOR
MARCIN PAŁYS**

Dear Prof. Marcin Pałys,

I am glad to invite students of your University to participate in the annual Churkin Moscow International Model United Nations 2018 conducted by the United Nations Association of Russia and the Moscow State Institute of International Relations (MGIMO-University) under the auspices of the World Federation of the United Nations Associations. The program of the Model is attached.

The Model is to take place in Moscow on *April from 15 to 20, 2018* at MGIMO-University on Vernadsky Prospect, 76.

Our Model UN is well-known not only in Russia: more than 600 delegates from different countries participate in the event annually. The work of ten committees is to be simulated in Russian, English and French at the coming conference. To provide a high level of discussions, the Secretariat conducts a competitive selection of participants and begins working with future delegates shortly after the registration that has just opened on November 1.

It is strongly recommended to the participants to arrive in Moscow on April 13 in order to take part in preparatory trainings on April 14 before the opening of the Model UN. At the trainings the participants will get additional useful information on the functioning of the Model and the matters concerned and find answers to the questions that they might still have. More detailed information on the Model's agenda, application procedure and preparation for the C-MIMUN can be found on the web site www.modelun.ru.

I hope that the cooperation between our universities will be fruitful and would be glad to welcome students of your University at the Churkin Moscow International MUN 2018.

Warm regards,

Chairman of the UNA of Russia,
Rector of MGIMO-University

A.V. Torkunov

Program of the Churkin Moscow International Model United Nations 2018
